Invitation from the President

The Association has reached an important milestone in our history - now over 50 years since conception and birth. ANZAOMS represents more than 200 members in the specialty of Oral and Maxillofacial Surgery throughout Australia and New Zealand. Our conferences continue to be well attended and a great opportunity for education, networking and showcasing the specialty “down under”. It is a time to reflect on our successes and the efforts of members past and present.

We have decided to dedicate the Gala Dinner at this year’s conference to our 50th anniversary and look forward to seeing you there.

Les Snape
President

Invitation from the Convenors

The 2012 conference program will be filled with high quality content, featuring engaging speakers across a range of industry hot topics. It will be very much “future focused” and will delve into new technologies and changes in Maxillofacial surgery. The scientific program is to be complemented by an exciting social program showcasing this vibrant city.

Sydney will serve as the backdrop to ANZAOMS 2012, offering world-class theatres, great shopping, museums, art galleries and restaurants featuring cuisines from around the world. From climbing atop the famous Harbour Bridge by day or night to a magical performance beneath the ‘sails’ of the iconic Sydney Opera House, a leisurely ferry ride across to Manly or Taronga Zoo or time well spent on one of the many breathtaking beaches, Sydney has something for everyone.

Discover any one of the city’s five surrounding national parks, art and culture of the historic Rocks precinct or the colour and life of Darling Harbour with its many attractions and waterfront bars and restaurants.

As Australia’s oldest and largest city, Sydney welcomes ANZAOMS 2012 delegates to experience all it has to offer.
